

ZOOMI

SIT - STAND

The **ZOOMI** height-adjustable laptop stand is the all-in-one convenient and ergonomic solution for using your electronic device in any situation. Whether working from home or remotely, from company offices, conference rooms, or simply browsing the internet.

Relax...

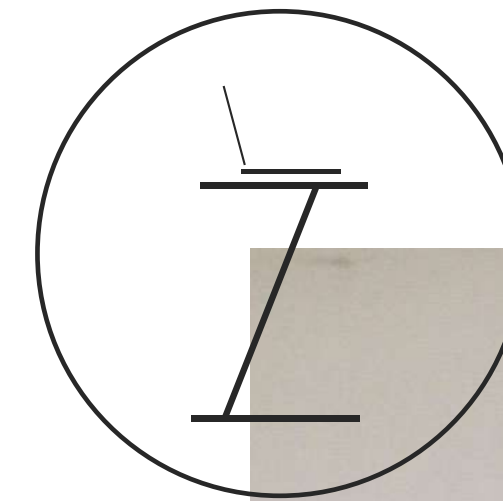

Slide **ZOOMI** up to your lap when sitting on your sofa or bar stool.

Work...

Adjust to your comfortable height for working on an office chair or standing while you work.

Meet...

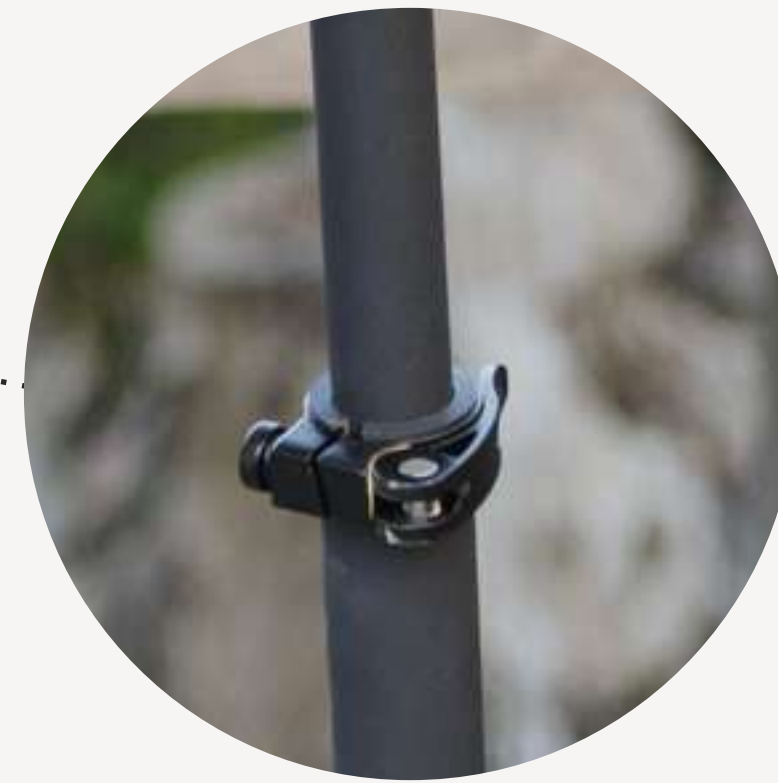

ZOOMI is perfect for sitting or standing when presenting at virtual meetings and conferences.

Your all in one laptop
stand solution

Neoprene pad
top surface

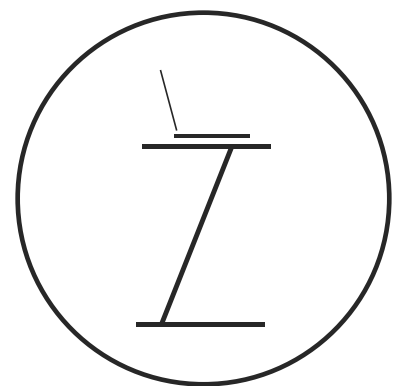

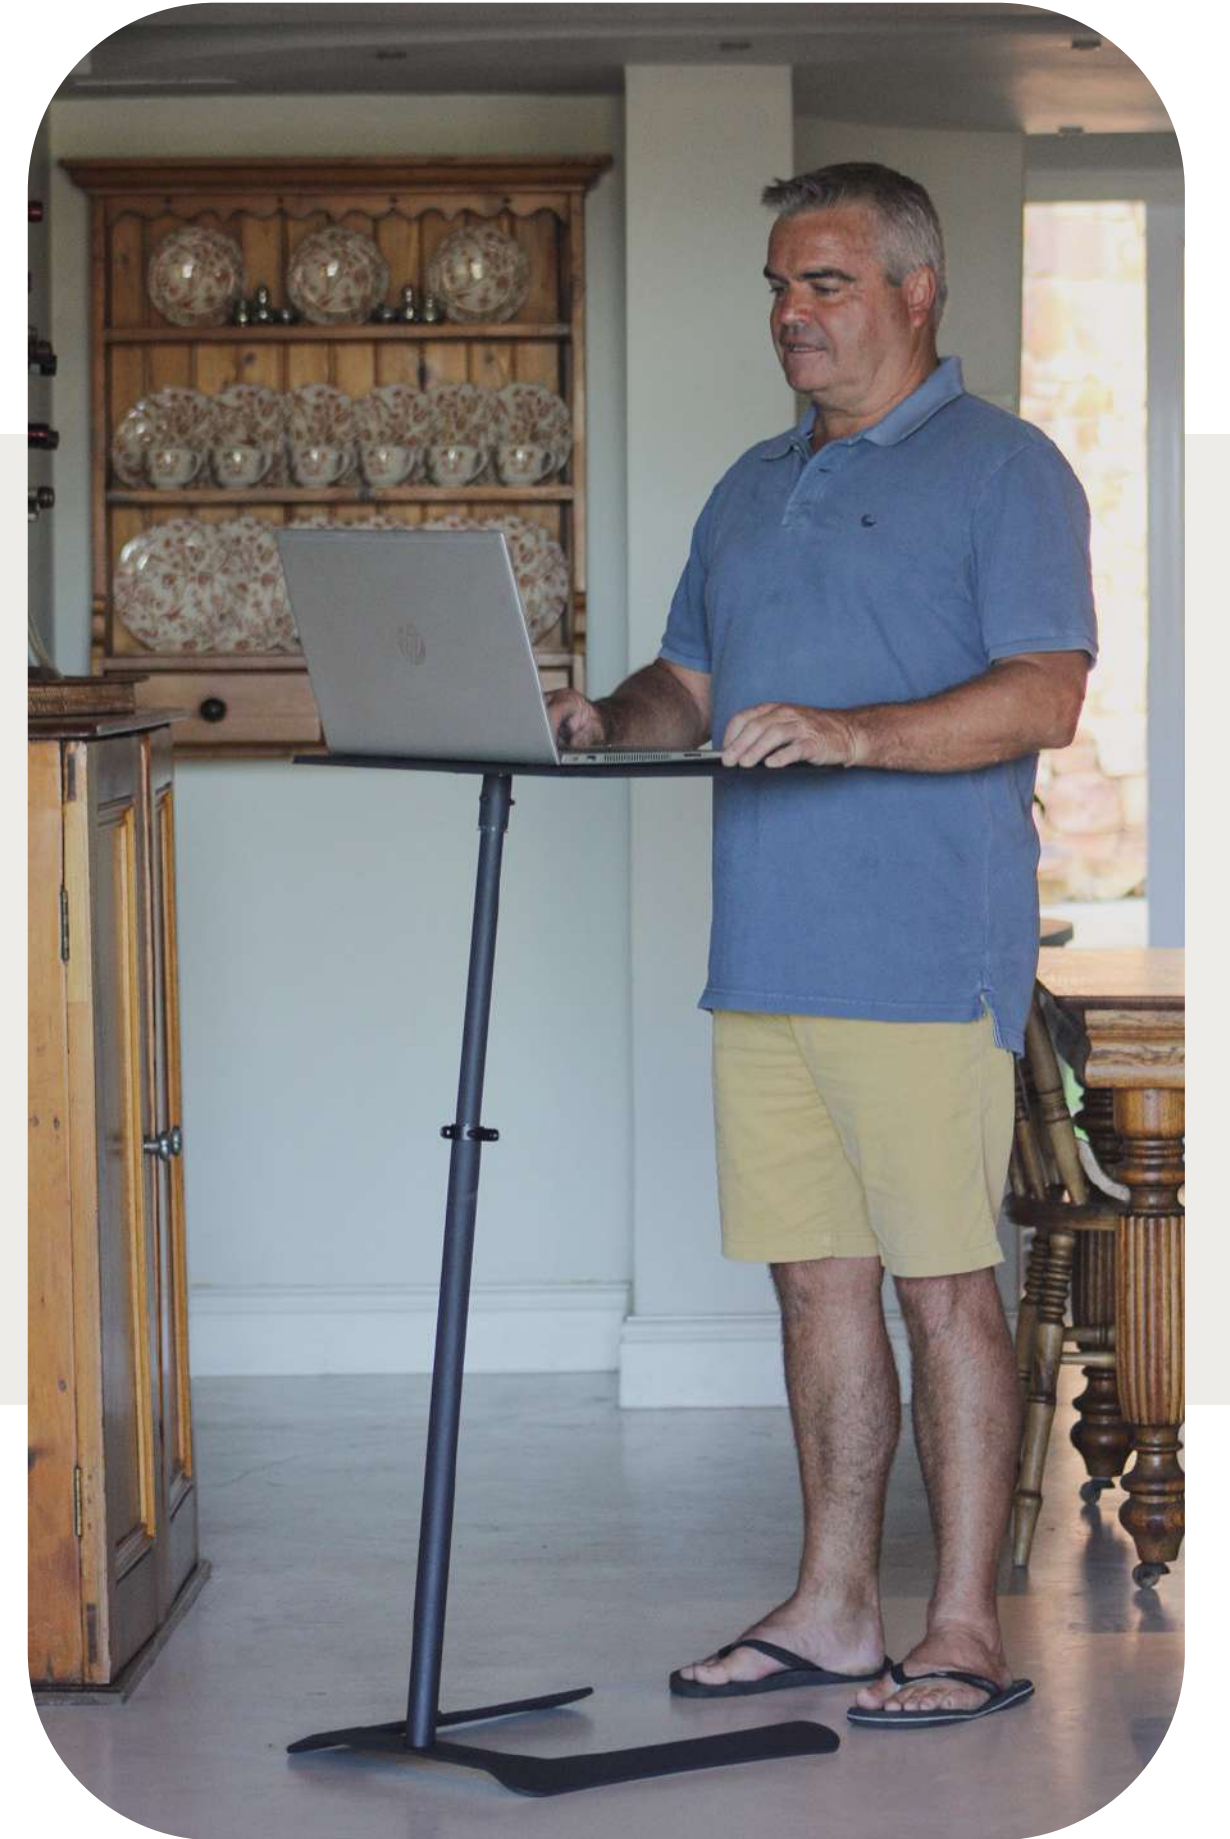

Cam lever
tightener

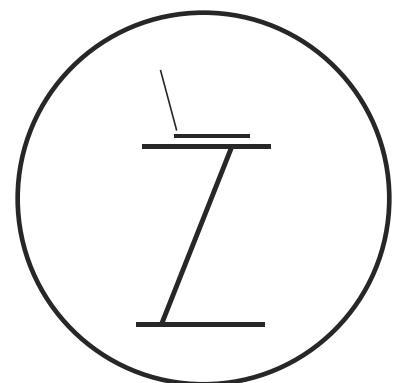

Laser shaped
steel plate base

Design Specifications

- + The **ZOOMI** Sit-Stand is a high quality product, manufactured from powder coated mild steel in a dark grey Ferro finish
- + Height adjustment range between 650mm and 1130mm from floor level, with one easy cam lever action
- + Sturdy and stable, due to its uniquely designed base in laser cut 6mm bent plate steel and cantilevered upright stem. Weighs only 6.8kg.
- + Worktop surface in 6mm black Neoprene, preventing devices from slipping off and doubling up as one large mouse pad
- + Compact and efficient floor space footprint of only 450mm x 480mm
- + Conveniently flat-packed and easy to assemble and dis-assemble
- + South African designed and manufactured. Designer: Steve Futter
